

Complete Pie Book

A Slice of Life

For the very first time, Idaho Coalition of Home Educators presents this collection of pie recipes to you, our legislative body. In response to your requests over the last decade at our annual Legislative Pie Day, home educating families from across the state share their recipes and *A Slice of Life*. Heartwarming stories and photos accompany the mouthwatering recipes. Our hope is that you and your family will enjoy these recipes and stories from families in your district for years to come.
